¹Rooms identified with "+ chairs" identify the # of chairs around the table and the number of available chairs against the wall of the conference room

²Rate includes technology replacement fee

³Cost does not include defensive tactics equipment

⁴Any training exercise requiring the use of instructors and/or safety officers will be invoiced at *actual rates*. All live burn evolutions require approved safety officers and prop technicians. Any partnering agency utilizing the GRPSTC for training events must provide the number of mandatory safety officers as determined by the training event complexity. If a partnering agency cannot provide the required number of qualified safety officers they may utilize GRPSTC personnel at the expense detailed above.

⁵Permit required for confined space entries

⁶Rates for Vent Prop, Flashover Chamber and Foam Prop do not include the wood package or cars to be burned.

⁷Rates for Natural Gas & Propane Props do not include the price of propane and gas.

⁸ Rates include target backers for the turning target system, however targets and ammunition are the responsibility of the non-partnering agency.

⁹ When participating in training that is already a GRPSTC scheduled Drivers Training Class.

¹⁰ Participating agencies must supply their own vehicles which must pass inspection by GRPSTC designee prior to training use.

¹¹ The use of the Range or Driver's Track by non-partnering agencies, will require a properly trained Glendale representative be present.

Rates subject to change per direction from GRPSTC Director or any market adjustments.

All reservations must be cancelled with a 2 week notice to avoid a cancellation fee.

Costs associated with damage to equipment or facilities will be charged accordingly.
