VIN Etching is a visual auto theft deterrent. The vehicle's 17-digit vehicle identification number is permanently etched on the windows of the vehicle. The process should take approximately 10 minutes.

The vehicle owner must show proof of vehicle ownership, current registration and complete a consent form provided by the police department. Don't forget to check with your insurance agent to see if VIN etching provides a discount on your insurance premium.

Please contact the Glendale Police Department at 623-930-4030 for any further details.
