

Community Notification

LEVEL 2 SEX OFFENDER

Arizona state law (A.R.S. 13-3825, Community Notification of Sex Offenders law) requires city and county law enforcement agencies to notify the community when certain sex offenders move into their local jurisdictions. This notification is required when sex offenders are released from the Arizona State Prison, county jail, or who relocate from another city or state. The individual on this flyer, who has been convicted of a sex offense, is now living in Glendale, Arizona.

- Level 1 Offender:** Lowest threat level to the community to become repeat offenders. No community notification.
- Level 2 Offender:** Intermediate risk to the community. This offender might still exhibit characteristics which could lead to a return to criminal behavior. Community notification is required.
- Level 3 Offender:** High risk to the community. The offender has a history of predatory sex crimes, has been convicted of a dangerous crime, or is diagnosed as a serial predator. Community notification required.

The person who appears on this notification is not wanted by any law enforcement agency at this time. This notification is not intended to increase fear; rather it is our belief that an informed public is a safer public.

The Glendale Police Department has no legal authority to direct where a sex offender may or may not live. Unless court ordered restrictions exist, this offender is constitutionally free to live wherever he chooses. Abuse of the information contained on this flyer to threaten, intimidate, or harass sex offenders, is prohibited by law and will not be tolerated. Sex offenders have always lived in our communities; but because of Megan's Law, law enforcement is now able to share that information with you.

The Glendale Police Department Community Services Unit is available to assist you in joining or starting a neighborhood watch program, as well as provide useful information on personal safety. The Community Services Unit can be reached at (623) 930-3380.
