

A New Look for Glendale's Future

Something new is popping up around Glendale! The city recently adopted a new logo to better represent Glendale as a welcoming, metropolitan community that delivers extraordinary opportunities to prosper, connect, and experience all that is remarkable about Glendale. Like the three pillars in the previous logo, the three segments and three colors represent the residents, businesses, and city government coming together to make Glendale a wonderful community. In addition to forming the letter "G", the circular shape conveys continual improvement and shows that we are diverse and inclusive by welcoming people "into the circle." The new logo will be phased-in slowly to minimize costs. Watch for the new logo to begin showing up on utility bills, city vehicles, and the city's new website beginning in June.

Glendale Community Band Brings Music to Downtown Glendale Summer Evenings

Glendale's favorite summer tradition is back beginning June 6 in downtown Glendale. The eight-week concert series takes place each Thursday at 8 p.m. through July 25, with the exception of the Patriotic concert, which will take place on Wednesday, July 3, in the E. Lowell Rogers Amphitheater in Murphy Park, located at 58th and Glenn Drives.

Music lovers of all ages will be entertained by this community band of approximately 100 musicians with their inspiring renditions of marches, polkas, movie medleys and other tunes. These free concerts are the perfect night out for the entire family! Bring lawn chairs or blankets for seating.

Four Reasons to Ditch Your Lawn Mower FOREVER

1) Get a Rebate – residential customers can receive a rebate from \$150 to \$750 depending on the amount of grass converted to a desert-friendly yard. 2) Save Water – grass uses 2/3 more water than a desert-adapted yard. 3) Save Money – native plants require no mowing and less maintenance than a grass lawn. 4) Add Pizazz – Arizona-friendly plants come in a range of colors and textures.

Only Rain Down the Storm Drain!

During a storm, rainwater flows on the ground and picks up pollutants along the way. This polluted storm water travels to the nearest retention basin, wash, or river. Help keep our storm water clean by properly disposing of household chemicals, trash, and yard and pet waste into a trash bin, not the street.

A Message from Mayor Jerry P. Weiers

I invite all Glendale residents and business owners to participate in the fall 2019 Glendale University 101, GU101, program. GU101 applications will open Monday, July 8, 2019 through August 16, 2019.

GU101 is a ten-week program sponsored by Arizona State University that is open to all Glendale residents and Glendale business owners. During the ten-week course, participants learn more about the city's inner workings and are allowed an inside peek of each department's operations as well as meet the staff who make it all happen. Each week's class will be held in a different facility in the city and will include a tour of that facility.

The fall 2019 GU101 classes will be held from 6 – 9 p.m. on Wednesdays beginning September 4, 2019 through November 6, 2019. Classes are free and limited in size to encourage interaction among participants and the city staff who teach each unit. To participate in GU101, you must be a Glendale resident age 18 or older or own a business in Glendale. Attendees who complete eight of the ten GU101 classes will be honored during a GU101 graduation ceremony held on the final night of class.

Interested applicants can begin applying July 8, online at www.glendaleaz.com/mayor. For questions please contact Kirsten Morgan in my office at kmorgan@glendaleaz.com, 623-930-2292.
