

Hello and welcome to the 2020 Glendale Legislative Link Program.

Below is a summary of the latest Executive Order signed yesterday by Governor Doug Ducey. This information was taken from a press release issued by the Governor's Office.

Governor Ducey Issues Updated Guidance For Arizonans, Businesses

Governor Doug Ducey yesterday announced an extension of physical distancing measures while laying out a step-by-step approach to continue reenergizing Arizona's economy. The Governor issued an Executive Order extending Arizona's Stay Home, Stay Healthy, Stay Connected Order until May 15, 2020.

The order also continues Arizona's gradual economic reopening, allowing retail businesses to begin partial operations starting next week. Under the order, retail businesses currently not operating can begin curbside pick-up on Monday, May 4, followed by expanded in-person operations on Friday, May 8 as long as they implement social distancing and sanitation measures established by the United States Department of Labor or the Arizona Department of Health Services.

Reinvigorating Main Street

Starting Monday, May 4, 2020, retail businesses will be allowed to sell goods through delivery service, window service, walk-up service, drive-through service, drive-up service or curbside delivery provided they establish and implement sanitation and physical distancing measures. This updated guidance applies to the act of selling goods, not services.

In addition, the Governor announced Arizona is aiming to allow restaurants to offer dine-in services to customers in May. Additional guidance will be developed in coordination with public health officials and will be provided in the days ahead.
