

## 2020 Bulk Trash Collection Schedule

### Your collection week will be:

Section 1	Section 2	Section 3	Section 4
Week of Aug 3	Week of Aug 10	Week of Aug 17	Week of Aug 24
Week of Sept 7	Week of Sept 14	Week of Sept 21	Week of Sept 28
Week of Oct 5	Week of Oct 12	Week of Oct 19	Week of Oct 26
Week of Nov 2	Week of Nov 9	Week of Nov 16	Week of Nov 23
Week of Dec 7	Week of Dec 14	Week of Dec 21	Week of Dec 28

### Items must be ready for collection no later than Monday at 6 a.m. the week of your collection.

Residents may place bulk trash out no earlier than the Thursday before your scheduled service week (ex: Thursday, July 30 for Monday, August 3) and no later than 6 a.m. the Monday of your scheduled service week. This gives you four days to place bulk trash out prior to your scheduled service week.

### Failure to Follow Bulk Trash Rules Will Result in a Fine.

If a bulk trash pile is placed out prior to and/or after your scheduled service week, is placed incorrectly, or access is blocked or causes crews to perform collection other than by the normal method, you will be charged a fine of \$99, which will be automatically added to your monthly utility bill.

Or call the Solid Waste Office at 623-930-2660

## THERE'S STILL TIME TO BE COUNTED

More than 58% of Glendale households have already responded to the 2020 Census. If you haven't, there is still time to be counted.

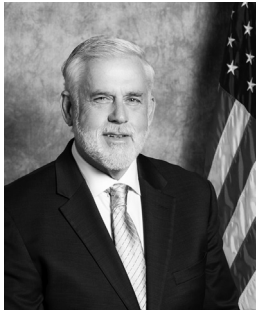

Due to the COVID-19 pandemic, the census deadline has been extended until October 31. Take 10 minutes now to respond to the 2020 Census online at [2020census.gov](https://2020census.gov), by phone or by mail.

Census Bureau employees will begin visiting households that haven't responded in August. Complete your questionnaire now, at a time that is convenient for you, without being contacted by a Census Bureau employee.

Now more than ever, it's important to ensure that every member of our community is counted. Every person counted represents over \$3,000 annually in state and federal funding for important programs that serve Glendale residents like healthcare, education, public safety, senior services, transportation, parks, libraries, and housing. All of these services are even more critical to our community as we work to recover from the COVID-19 pandemic.

Census data is completely confidential and by law cannot be shared with any other government agencies, including law enforcement, the Internal Revenue Service, or the courts. There are no questions about citizenship or immigration status.

Census numbers will guide how funding is distributed to help communities recover from these difficult times. Make sure our community gets the resources we need to support residents. Take 10 minutes now to be counted for Glendale's future. We're all in this together!

## A Message from Mayor Jerry P. Weiers

On the evening of May 20, 2020 our community was attacked in a senseless act of violence.

As we all begin to emerge from our homes and enter public spaces again, evil acts like this can have a fearful and paralyzing effect, *if we let them*.

I am asking all of you, *please do not give into that fear*.

I want to assure everyone that this was an isolated incident. Our community is safe. Westgate is safe and we will keep it safe.

I remain committed to ensuring that our public safety departments continue to have the manpower and the resources they need to protect the lives and property of our residents, our businesses and our visitors.

I am thankful for the amazing men and women of the Glendale Police Department and the Glendale Fire Department who continue to put their lives on the line to ensure our health and safety. Their extensive training and immediate response to emergencies allowed them to quickly secure the scene on May 20th and grant the victims access to necessary medical aid.

I and my fellow councilmembers continue to show our support for both departments by approving their budget requests ensuring their compensation, equipment and training is top notch.

In your service,  
Mayor Jerry P. Weiers

## Only rain down the storm drain!

During a storm, rainwater flows on the ground and picks up pollutants along the way. This polluted storm water travels to the nearest retention basin, wash, or river. Help keep our storm water clean by properly disposing of household chemicals, trash, and yard and pet waste into a trash bin, not the street. INFO: AZSTORM – [azstorm.org](http://azstorm.org)

## FREE SPLASHPAD AT HEROES PARK

(83rd Ave. & Berridge Lane) • 623-930-2820

Open every day through August 11 from 11 a.m. – 7 p.m.
