

Hello and welcome to the 2020 Glendale Legislative Link Program.

Below is a summary of the latest actions taken by Governor Ducey and the State of Arizona to mitigate the social and economic impact of COVID-19. This information was shared by the Governor's Office.

Governor Ducey Issues Executive Order Delaying Expiration Of Driver Licenses

As Arizona continues to take proactive measures to mitigate the spread of COVID-19, Governor Ducey yesterday issued an Executive Order deferring requirements to renew standard driver licenses that have an expiration date between March 1, 2020 and December 31, 2020 by one year from their original expiration date. This action will minimize in-person visits to Arizona Motor Vehicle Division (MVD) Offices and help contain the spread of COVID-19.

Under this Executive Order, all Arizona Peace Officer Standards and Training Board certified law enforcement officers as well as state government agencies, county and municipal governments, and election officials will accept Arizona driver license cards with expiration dates between March 1, 2020 and December 31, 2020 as valid identification for any purposes for which unexpired driver license cards would otherwise be accepted.

Governor Ducey in March issued an Executive Order [delaying expiration dates](#) on Arizona driver licenses for six months, ensuring residents over the age of 65 do not need to visit MVD offices to renew their driver licenses during the public health emergency.

Starting today, any driver may see their updated driver license expiration date at AZMVDNow.gov. Drivers have the option to order a duplicate license with the updated expiration date.
