Skip that Winter Lawn

Overseeding your lawn with winter ryegrass can use more than 8,000 gallons of water for every 1,000 sq. ft. of grass. While Bermuda grass thrives in our summer heat, it will go dormant starting in October and transform into a golden hue. Enjoy the water and maintenance savings from not overseeding this fall.

A Message from Mayor Jerry P. Weiers

Our Most Vulnerable Citizens Can Be Helped by a \$2/Month Donation

Each month, when you pay your water bill – either in the mail or online – there is a little box that asks if you would like to donate \$2 to From the Heart. Currently, about 15% of Glendale utility customers add that contribution, which provided \$94,000 in grants to assist Glendale residents in fiscal year 2021-2022.

The program began in 1997. Since then, more than \$3.5 million has been raised and distributed to local 501(c)(3) non-profit agencies. Whether serving meals to the elderly, giving emergency help to homeless families, or supporting abused children, From the Heart gives social service agencies that aid our neighbors a helping hand in many ways.

From The Heart's mission is to promote the positive development of youth, strengthen the capabilities of families, and assist residents in addressing crisis needs by supplementing the resources of existing community agencies. Annual grants range from \$2,500 to \$8,000. I want to say "thank you" to the independent citizens committee that spends many hours reviewing the grant applications received each year. Learn more at www.glendaleaz.com/your_government/city_finances/grants_administration

I hope that you will consider checking the box "yes" every month because it goes a long way toward helping our city's most vulnerable citizens.
