**Although the schedule reflects the day a park is to be mowed, please note at times it may vary slightly due to Acts of God; such as flooding, irrigation breaks or storms in general that would prohibit a park to be mowed on the scheduled day. In those cases they will be mowed as soon as the contractor can access safely without damaging the park further.**

All parks, retentions, trails and buildings under Parks, the trash will be removed twice weekly on Monday's and Friday's unless there is a legal holiday; in those cases it will be the day before or day after if the holiday falls on a Monday or a Friday.
