NOTICE TO ALL GLENDALE MUNICIPAL AIRPORT TENANTS AND USERS

ADJUSTMENTS TO AIRPORT RATES & CHARGES –

EFFECTIVE DATE JANUARY 1, 2016

Earlier this year, the City of Glendale Airport and Public Works Department staff members conducted a comparable Rates & Charges study of local general aviation airports. Airports are required to be as self-sustaining as possible and many of our fees have not been adjusted for several years and were found to be below the fees charged by the other airports in the valley. Proposed rates and charges were presented and approved by the Aviation Advisory Commission Meeting of June 15, 2015. The proposed rates and charges were publicized for public comment for a 60 day period. On November 10, 2015, Glendale's City Council approved the proposed rates and charges.

The Rates & Charges will go into effect beginning January 1, 2016

1. Open Tie-downs: \$5 per month increase each year for the next 4 years: **January 2016** \$25; **January 2017** \$30; **January 2018** \$35; **January 2019** \$40
2. Vehicle Access Cards: Effective January 1, 2016 \$15 per card and \$15 card re-activation fee.
3. Land Lease Rates and Terminal Office Lease Rates: All leases to be variable and negotiable.
4. Transient Overnight Tie-down Fees (Daily): \$5.00 single engine, \$9.00 twin engine, \$34.00 jet.
5. Banner Tows: New rate of \$50 per day.

Thank you for your business.
