## GLENDALE FIRE TEACHES PRESCHOOL KIDS FIRE SAFETY

**Glendale, Ariz.** — The Glendale Fire Department has many tools to teach children fire safety. Recently, Dr. Janet Boberg, Glendale Fire’s Community Services Division Manager, and her Welsh Cardigan Corgi, “Gizzi”, visited Ms. Donna Martin’s ECCEL Preschool classes at Foothills Elementary School to teach her students how to stay safe.

The students learned about smoke alarms, fire extinguishers, 9-1-1 and how to stop, drop, cover your face, and roll if your clothes catch on fire. At the end of the class, each student then taught Gizzi the dog how to stop, drop and roll.

If you would like a fire safety presentation at your school, please contact the Community Services Division of the Glendale Fire Department at 623-930-4483 or email [janet.boberg@glendaleaz.com](mailto:janet.boberg@glendaleaz.com).
