UNATTENDED COOKING RESPONSIBLE FOR GLENDALE APARTMENT FIRE

Glendale, Ariz. — Today, at approximately 12:30 p.m., firefighters were dispatched to a fire caused when food was left cooking on the stovetop unattended.

Firefighters encountered a fire burning in the kitchen area of the apartment, located near the 6800 block of North 45 Avenue.

No one was home at the time of the fire.

The Fire Crisis Response Team was on scene assisting the family, who showed up to the residence after the fire, with finding shelter.

Unattended cooking is responsible for majority of house fires across the nation and causes an estimated \$1 billion in direct property damage every year.

The Glendale Fire Department reminds everyone to stay alert while in the kitchen and never leave food unattended while cooking.
