THE ADOPTION OF 2018 FIRE CODES IS UNDERWAY

Glendale, Ariz. — The Glendale Fire Department is preparing for the adoption of the 2018 International Fire Code. We would like to invite all our customers, citizens, business owners and developers to take this opportunity to review the code amendments and ordinance changes at the following link [<https://mymadison.io/documents>]. As you review the documents, we ask that you provide feedback, comments and suggestions. Your support and input will help the city craft fire code amendments that are reasonable, provide an appropriate level of safety, and enhance our communities' overall reputation as a leader in fire and life safety. If you have questions about the code adoption process or would like to speak with someone directly, please contact the Glendale Fire Marshal at 623-930-4420.
