GLENDALE HOUSE FIRE DISPLACES FAMILY OF FIVE

Glendale, Ariz. — Glendale firefighters responded to a reported house fire in the 6400 block of Reade today. Firefighters had a working fire in a single story residential home upon arrival. Firefighters entered the structure, located the fire and confined it to a front bedroom. Smoke and water damage occurred in the rest of the home and the house is uninhabitable.

A resident of the home was alerted to the fire when she heard the smoke detector and evacuated the family. One of the members is elderly and committed to a wheelchair. All were removed safely outside including the family dog. Glendale fire investigators are on scene attempting to determine the cause which is unknown at this time.

Five adults, one child and a dog are displaced. Red Cross and Glendale Fire Crisis response are assisting the family with relocation.

No injuries reported and a working smoke detector saves lives.
