Update – Adult Male and Two Children Found Deceased in Glendale Residence

GLENDALE, Ariz. – On Friday March 16, 2012, just before 1pm, Glendale Police Officers were called to a residence near 87th Avenue and Northern in reference to three persons found deceased inside the home. Although the investigation is not complete, Investigators working the case say that evidence found at the scene lead them to believe that 30 year old Carlos Iriarte took the lives of his two boys, one 11 months and the other 3 years old, before taking his own life. Investigators say that the injuries observed at the scene are consistent with the use of a firearm. Absolute cause and manner of death will be determined by the Maricopa County Medical Examiner’s Office, but Investigators say they are not looking for any suspects.

Iriarte’s wife arrived home from work on Friday to find her children and husband deceased in the home, and immediately called for help. Glendale Police Department Victim Assistance Personnel are working to provide her support at this time. No further details are available at this time.
