## City of Glendale Receives Top 10 Ranking From Forbes For Safest City

**GLENDALE, Ariz.** – Glendale has come in at number ten nationally on Forbes “America’s Safest Cities” list. The city was ranked as the 10<sup>th</sup> safest city of the larger metropolitan cities within the United States. Forbes based their ranking from an analysis of violent crimes and fatal traffic accidents within the larger cities throughout America.

“We are proud of this recognition, and it should go without saying our goal is to make our community the safest place to live,” said Steve Conrad, Glendale’s Chief of Police. “This kind of recognition is a tribute to our community and to the members of this department who work hard to make Glendale a safer city.” Chief Conrad went on to say, “We will continue to strive to make Glendale a safe place for its residents and visitors, who we take great pride in serving.”
