Glendale Police Seek Help Solving Hit and Run

GLENDALE, Ariz. – Just before 7pm on the evening of July 30th, 2013, Glendale Police received a 911 call advising a male child had been struck by a vehicle near 45th Avenue and Mountain View Road while riding his bicycle. The vehicle involved did not stop and left the scene prior to police arrival. The child was treated at the scene by Glendale Fire and transported by air to a local valley hospital with serious but non life threatening injuries. At the time of this writing, the child remains hospitalized at a local valley hospital. Due to his juvenile status, the Glendale Police Department is referring the media to the family for further details concerning his condition.

Based on witness statements and evidence gathered at the scene, Glendale Police Vehicular Crimes Investigators believe they have identified the type of vehicle involved in the hit and run. After completing research on evidence found at the scene, investigators believe the vehicle involved in the accident was a 2010 Buick Lacrosse Sedan, silver in color.

Glendale Police Detectives still have no suspect leads in this case. At this time, detectives can only confirm the driver is a white male. Detectives are seeking the community's help identifying the driver and the vehicle used in this hit and run accident. The Glendale Police Department encourages anyone that has any information to call the Glendale Police Department at (623) 930-3000 or Silent Witness at 480-WITNESS.
