Update - Shooting at 9600 W. Maryland Avenue

Glendale, Ariz. — On Friday night, August 17th, 2012, the Glendale Police Department received a 911 call at approximately 9:30pm from an adult male stating he had accidentally shot another adult male in a parking lot near a hotel, just north of the Arizona Cardinals Stadium, in the area of 9600 W. Maryland Avenue. The caller did not attempt to flee the area and remained at the scene near the victim. Glendale Officers that were working security in the area were able to quickly arrive on scene while the caller was still on the phone with 911. The potential suspect was immediately taken into custody without incident. The adult male that sustained a gunshot wound as a result of the incident was treated by Glendale Fire on scene and transported to a local hospital. The adult male that sustained a single gunshot wound as result of this incident is currently stable with non life threatening injuries.

The investigation revealed a verbal altercation had occurred in the parking lot which ultimately resulted in one party sustaining a single gunshot wound. The incident occurred approximately one hour before the conclusion of the Arizona Cardinals game, so there were very few people in the parking lot at the time of the shooting. No other involved parties or individuals near the area sustained any injuries as a result of this incident.

Glendale Police Detectives assumed the investigation. The incident appears to be fan based. We are not able to provide any further information regarding the motive at this time. Discussing details of the investigation at this point could negatively impact the case and compromise the investigation. The adult male that was involved in this incident and taken into custody for questioning at the scene has been released by detectives. There are no outstanding suspects, and there have been no arrests made. At this time, the names of both involved parties are not being released, and charges are potentially pending on both involved parties. No further details, including the 911 call, will not be released at this time. The investigation is ongoing.
