Update – Adult Male and Female Found Deceased in Glendale Residence

GLENDALE, Ariz. – On Sunday, November 3rd 2013, just before 3am, Glendale Police Officers were called to a residence in the 22000 block of 74th Lane. Upon arrival, officers found two deceased persons inside the home. Although the investigation is not complete, investigators working the case say that evidence found at the scene lead them to believe that 43 year old Sean Dubowik took the life of his girlfriend, 35 year old Christy Harr, before taking his own life. Investigators say that the injuries observed at the scene are consistent with the use of firearms.

A 44 year old female relative of Sean and her two teenage children were sleeping over at the residence the night of the incident. Sean and Christy's 6 year old child was also in the home at the time of the shootings. Christy was located in the residence with a gunshot wound to the body. The female relative immediately called 911 for help and then attempted to locate family members nearby for assistance. A short time later, Sean was also located in the residence with a gunshot wound to the body. Glendale Police Department Victim Assistance Personnel are working to provide support at this time for the involved family members. Absolute cause and manner of death will be determined by the Maricopa County Medical Examiner's Office, but investigators can say they are not looking for any suspects. No further details are available at this time.
