Update – Jhessye Shockley Investigation

GLENDALE, Ariz. – The Glendale Police Department has been notified the charge of Child Abuse on Jerice Hunter will not be filed, at this time, by the Maricopa County Attorney’s Office so that further investigation can be completed. This decision will allow the Glendale Police Department to follow up on new leads developed since the search warrant and arrest of Jerice Hunter for the Child Abuse on Monday November 21, 2011, as well as complete forensic analysis of evidence. We are not able to provide any specific details on the new information other than to say the focus and direction of the investigation into the disappearance of Jhessye Shockley has not changed.

The Glendale Police Department is in communication with the Maricopa County Attorney’s Office and our agency will continue to work diligently on locating Jhessye Shockley and bringing that person or those persons responsible for her disappearance to justice.
