Survey to Help Determine Glendale's Parks and Recreation Priorities

GLENDALE, Ariz. – The city of Glendale is conducting a citizen survey as part of the Parks and Recreation Department Master Plan update to help establish priorities for current and future parks and recreation services, programs and facilities offered within the community.

The citizen survey will be mailed to a limited number of randomly selected households. It will take just a few minutes to fill out, and the time invested will aid the city in making decisions that will enrich the future of Glendale's community and positively affect the lives of its residents.

If you receive the survey in the mail, please be sure to fill it out and return it in the enclosed postage-paid envelope. The survey is a tool that will benefit all city of Glendale residents. Please take the opportunity to let your voice be heard.

The survey is being administering by Leisure Vision/ETC Institute, an independent firm. They will compile the data and present the results to the city of Glendale. All responses will remain confidential.

If you have questions about the survey, please contact Clyde Brown with the Glendale Parks and Recreation Department at 623-930-2828 or cbrown@glendaleaz.com
