GLENDALE OFFERS GRANT APPLICATION ORIENTATION FOR LOCAL NON-PROFITS AND GOVERNMENT ENTITIES SEPTEMBER 10

GLENDALE, Ariz. – Glendale’s Community Revitalization Division will conduct a grant application orientation/workshop session that will address key elements of the 2015-16 funding cycle. All interested non-profit and governmental agencies are invited to the workshop session, beginning at 1:30 p.m. Wednesday, Sept. 10 in Room B3 (basement level) of Glendale City Hall, 5850 W. Glendale Ave.

The city of Glendale will be explaining the online application system this year, which is designed to streamline the process necessary to apply for a grant and save users time and paperwork. The “e-CImpact” system currently is in use at the United Way and should improve the process of applying for Community Development Block Grant (CDBG), Emergency Solutions Grants (ESG) and Home Investment Partnerships (HOME) program funds. Attendees at the orientation program will be able to see a demonstration of the current web-based system.

“We strongly encourage everyone, even those that have used the system to attend the orientation session for tips on using the system,” said Community Revitalization Manager Gilbert Lopez. “We will also be discussing Council priorities and other important items like the submittal of the letters of intent.”

Programs that become grant-funded must benefit the residents of Glendale. Examples include: assisting with core needs such as food, utilities and shelter; homeless prevention; providing home-delivered meals to seniors; emergency repair programs; housing rehabilitation and other public service programs that benefit low and moderate income persons, and other redevelopment activities.

To register for the free workshop, please call the Community Revitalization Division at 623-930- 3670, TDD 623-930-2197, or AZ Relay Service Number 711.
